Cattlemen,

Welcome to the Annual Horseshoe E Bull Sale.

In today's competitive beef industry, it is essential that producers maximize output while minimizing costs and labor. These Horseshoe E bulls are bred and designed to assist you in that goal. They are bulls with built in calving ease (check their EPD's)

The Horseshoe E cattle run in the Allan Hills east of Kenaston, so you know that feet and legs are a "must" in their country. You will like the muscle, thickness and easy fleshing qualities of their bull pen. When it comes to performance, these are bulls that will get the job done. Check the EPD's on their landmark sire "Eldorado" – way below average on birth weight and at the front of the breed for weaning weight and yearling weight.

We all know that selling a group of calves that are consistent in type and quality will bring premium prices – there are many ½ and ¾ brothers in this sale offering that will allow you to run a number of bulls that are consistent in pedigree and type, providing the uniform calf crop for which you are looking.

In summary – these Horseshoe E bulls are bred to calve, walk the pastures and leave you a set of calves that are thick and easy fleshing with uniformity and that extra payweight you need at the sale barn.

Char-cross calves are IN DEMAND and bringing TOP DOLLAR at Auction Barns across the country. The feeders and packers love their extra performance and high yielding carcass qualities.

The Evans Family have been breeding Charolais cattle for 40 years and understand what is needed to succeed in the real world – in the pasture, the show ring or at the local sale barn – their cattle will get the job done!

On top of it all, they are great people to work with. If you are not presently using a Horseshoe E Bull, come to their sale on March 13 and see what they have to offer.

Please call if there is anything I can do to assist with your purchase.

#### TERMS & CONDITIONS

**TERMS:** The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made credit clearance prior to the sale with the owner or Sales Manager. All monies are in Canadian funds. Sale is not complete until final payment is received.

**DISPUTES:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

**PURCHASERS RISK:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

**CERTIFICATE OF REGISTRY:** Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement has been made.

**DELIVERY:** Assistance will be given in making shipments after the sale, but no risk is assumed by the Sale Management or Seller. Purchasers are requested to furnish shipping arrangements when making settlement. Purchasers can purchase insurance sale day. Although delivery is offered, extra costs such as export fees are to the account of the buyer.

**BREEDER'S GUARANTEE, BULLS:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following the date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

**EXCEPTION GUARANTEE:** In case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

**SETTLEMENT:** Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question a breeder,

the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to so prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of a replacement animal, the Sale Management will appoint a mediator.

Neither does D Bar L Livestock assume any financial obligations to collect or enforce collection of any monies between parties.

D Bar L Livestock assumes no responsibility for any credit extended by the seller to the buyer. Any legal action that may in exceptional cases be taken, must be between the buyer and the seller. The buyer must look to the seller for fulfillment of all guarantees and representations.
